

The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Dear Chairman Powell:

I'm writing to urge you to support the proposed merger between EchoStar Communications and Hughes Electronics. I believe the merger holds tremendous potential for my company in LEHIGH ACRES, FL which sells EchoStar's DISH Network satellite TV service. The new company will offer a more attractive product to consumers, and this will mean more business for my company.

None of my customers can receive their local broadcast channels via satellite because the DISH Network does not have the channel capacity to carry smaller television markets. Currently, EchoStar offers service in only 36 markets. This is a source of frustration for my consumers. The proposed merger between EchoStar and DIRECTV would allow the combined company to offer local broadcast channels in all 210 television markets nationwide by eliminating the duplication of identical programming carried by both services. If the merger is approved, satellite TV will be a more competitive alternative to cable, and this is good for business.

Sincerely,

david spry
